

SAHAJ-ANAND CHARITABLE TRUST

Written by
Chintan Parmar

1 EXT. ZAROLA VILLAGE - EARLY MORNING 1

The camera pans over the serene village landscape. It captures the essence of the village. The sound of birds chirping in the distance as the sun rises.

A text appears on the screen.

ZAROLA - TALUKA BORSAD - DISTRICT ANAND - GUJARAT - INDIA

Multiple snapshots of streets and villagers walking on the road, kids going to school.

2 EXT. OUTSIDE SANJH - CONTINUOUS 2

Multiple VANS moves on the street adjacent to the trust and get inside the gate of the trust.

An old man walks on the footpath towards the trust. MR. SHAYAM PATEL. He enter the gate.

We follow him and get inside the gate. A text appears on the screen - SANJH - VADILO NO VISAMO.

There are many elderly people sitting in the garden. A few volunteers help the elderly get out of the vans.

MR. SHAYAM, goes up to the elderly people and greets them. The volunteers escorts the elderly towards the garden. And we -

CUT TO:

3 EXT. TRUST GARDEN - CONTINUOUS 3

THE FOUNDER is sitting on the chair. Old age men and women are having breakfast in the background.

A text of his NAME and DESIGNATION appears on the screen while he speaks to the camera.

MR. SHAYAM PATEL
I was born and raised in this
beautiful village. It's where I
learned the values of community and
service.
After living aboard and achieving
lot of success, I decided to give
back to the place because of which
I became successful. So I started
SANJH!

A PAN SHOOT OF the TRUST. Snapshots of the premise from multiple angles.

MR. SHAYAM PATEL (V.O.)
Initially when we started, we
created a place where all the
elderly could come and socialise.

Snapshots of the elderly sitting inside the premises, chatting,
socialising, and enjoying themselves.

MR. SHAYAM PATEL (V.O.)
A place where they get medical
assistance... Where they get
regular checkup. In U.S.A. there
are many such institutions but
there are very less in India.

Volunteers serve breakfast to the Elderly.

MR. SHAYAM PATEL (V.O.)
So we started this initiative and
it turned out to be a big
success...

MR. SHYAM PATEL
But it was all made possible by the
hardworking and dedicated team of
Sanjh.

CUT TO

4 INT. SANJH OFFICE - DAY

4

Elderly activity in-charge is sitting across the table and
speaking to us.
A title appears on the screen - Name and designation of the
person.

ELDERLY ACTIVITY IN-CHARGE
We knew that these people wanted a
safe space where they can socialise
but we understood that it will be
difficult for them to visit the
centre by themselves...

A few elderly people stand outside their homes. The VAN stops
outside their house. A volunteer exits the VAN and helps them
get inside.

ELDERLY ACTIVITY IN-CHARGE (V.O.)
...So we started a pick-up and drop
service.

Elderly people gather in the garden, with volunteers assisting
some to get out of the van. (Over-the-shoulder shot - Founder)

ELDERLY ACTIVITY IN-CHARGE (V.O.)
 We have regular health check-up
 camps for them. We organise Yoga.
 We keep Katha and bhajan for them.

Volunteers assist the elderly with yoga and exercise. The elderly receive medical assistance.

ELDERLY ACTIVITY IN-CHARGE
 Seeing their happy faces, Seeing
 them socialise and enjoying makes
 us happy.

Bidding farewell to the elderly from outside the trust gate,
 and we -

BACK TO

5 EXT. TRUST GARDEN - CONTINUOUS

5

MR. SHAYAM PATEL
 We got the success we wanted. But
 we felt we could do more. So then
 began the journey of SAHAJ-ANAND
 CHARITABLE TRUST.

MR. SHAYAM PATEL
 We built the Trust on four pillars.
 SEVA, SHIKSHA, SWASTHYA, and
 SAMRUDDHI.

CUT TO

6 EXT. HEALTH CAMP - AFTERNOON

6

People from the village are getting medical assistance from doctors. The trust volunteers help the doctors and the patients.

MR. SHAYAM PATEL (V.O.)
 In foreign countries people go for
 regular health checkup. But in
 India, specially in rural areas
 people go for checkup only if they
 are facing some health issue.

The in-charge of the health camp from the trust is sitting somewhere within the premises of the hospital/clinic where the health check-up is happening.

A text appears on the screen - Name and Designation of the person.

IN-CHARGE OF HEALTH CAMP
 Many people refuse to go for
 regular health check-up. We wanted
 to change this habit. So we started
 regular health checkup camps in
 Zarola and nearby villages.

Visuals of blood samples being taken by doctors, dental
 checkups by dentists, and eye checkups by doctors.

Doctors take blood samples from an elderly woman. Another
 doctor checks the teeth of an elderly man. Another doctor
 checks the eye of an elderly woman.

IN-CHARGE OF HEALTH CAMP (V.O.)
 We organised diverse health camps
 like: Blood donation, dental & eye-
 checkup.

IN-CHARGE OF HEALTH CAMP
 Even camps for checking critical
 illness such as Cancer diagnosis,
 diabetes & blood pressure are
 organised.

Visuals from health camps.

IN-CHARGE OF HEALTH CAMP (V.O.)
 These camps brought essential
 healthcare closer to the rural
 communities.

CUT TO

7 EXT. OUTSIDE SANJH - CONTINUOUS

7

MR. SHAYAM PATEL
 SEWA and SWASTHYA was achieved. But
 the most important things was
 SHIKSHA.

Saying this, he looks at the camera and smiles as the sound of
 a school bell fills the frame.

8 EXT. SCHOOL OF COLLABORATION - DAY

8

The sound of the bell continues as we see the bell being used
 by the authorised person.
 Many children wearing uniform opening the main gate of the
 school and storming inside the school with zest, energy, and
 excitement.

MR. SHAYAM PATEL (V.O.)
 Earlier when I visited India,
 people from the village use to come
 to me and ask for advice on
 education for their children. I
 realised that these children had
 talent and capability, all they
 needed was guidance and support.

A joint activity undertaken by the trust and the school is
 shown in a classroom.

CUT TO

9 INT. CLASSROOM - DAY

9

The SHIKSHA supervisor from the trust is sitting on a bench.
 A text appears on the screen - His name and Designation.

SHIKSHA SUPERVISOR
 There are lot of talented children
 in our village who needs support
 and a platform. So we partnered
 with many higher secondary schools
 in villages like Ras, Zarola, and
 Bodal.

A competition is organised inside the school. A teacher awards
 students with prizes.

SHIKSHA SUPERVISOR (V.O.)
 We began by organising various
 competition in school to encourage
 children.

SHIKSHA SUPERVISOR
 In today's time when the whole
 world is moving towards
 technology...

A student uses a computer. Another student is taught using a
 digital panel.

SHIKSHA SUPERVISOR (V.O.)
 ...we created smart classes for
 children so that they get all the
 facilities that are available to
 children in big cities and in
 abroad. So they never fall short
 due to limited resources in rural
 areas.

Students sit attentively in the class, their faces filled with
 determination.

SHIKSHA SUPERVISOR (V.O.)
 We also started giving financial support to students who had a zest of studying but did not have the financial backing.

A teacher stands before a whiteboard, explaining grammar rules with enthusiasm while the students eagerly take notes.

SHIKSHA SUPERVISOR
 Communication is the key to success and to excel at the global level. That's why we've started English classes for our students. We want them to be as good as any student in the world.

A teacher conducts a Duolingo class. Volunteers and teachers help students during the class, organising activities and clarifying doubts.

SHIKSHA SUPERVISOR (V.O.)
 We also created Duo-lingo classes like you see in foreign countries.

Scenes of children studying in class and playing on the ground. Snapshots of children smiling and enjoying themselves.

SHIKSHA SUPERVISOR
 We didn't just stop at this. In last 6-7 years, we started helping promising students with financial problems fulfil their dream of studying abroad. So far we've hundereds of students doing their graduation abroad supported by the trust.

10 **EXT. SANJH OFFICE - CONTINUOUS**

10

MR. SHAYAM PATEL
 Education has the power to change the world. And we are glad to play a part in this change.

MR. SHAYAM PATEL
 Now the only remaining thing was SAMRUDDHI.

CUT TO

11 INT. FOOD PROCESSING UNIT - AFTERNOON

11

The volunteers of the trust training the underprivileged women.

WOMEN EMPOWERMENT SUPERVISOR (V.O.)
Our goal is to planting the seeds
of self-reliance, in these women.

Close-up shots of women of the village taught the skill in the
factory.

WOMEN EMPOWERMENT SUPERVISOR (V.O.)
They have the desire to work, earn,
and support their family. All they
need is guidance and opportunity.
Multiple shots of women working at
the facility.

WOMEN EMPOWERMENT SUPERVISOR (V.O.)
So far we've build vibrant, self-
sufficient rural communities.

WOMEN EMPOWERMENT SUPERVISOR
We have instilling dignity and
igniting a cycle of progress and
prosperity.

BACK TO

12 INT. OUTSIDE SANJH - CONTINUOUS

12

MR. SHAYAM PATEL
We began this journey _ years ago.
We've come along way. All these
things were made possible by the
amazing team of Sahaj-anand.

Snapshots of Elderly enjoying sanjh, students studying and
enjoying the infrastructure and facilities at the school.

MR. SHAYAM PATEL (V.O.)
This change that we see in Zarola
is the result of their efforts,
determination, and hard work.

Health checkup of young adults, and women working in food
processing unit.

MR. SHAYAM PATEL (V.O.)
All these things were not possible
without the support of the
government and the people.

The government, the villagers, the trust, together we have created a change. But, there is a long way to go.

MR. SHAYAM PATEL
Our vision is to take all these things to 20 more villages and make their lives better.

Snapshots of children playing on the ground and winning prizes.

MR. SHAYAM PATEL (V.O.)
Our biggest aim is to help every child from the nearby villages get education so they can leave a mark on the world.

13 EXT. SAHAJ - SUNSET NEARING

13

The entire team of Sahaj-Anand Trust standing outside the premise lead by Mr. Shayam Patel.

We are zoomed in on Mr. Shayam, and slowly zoom out seeing the entire team, with Sahaj in the background and then quickly zoom out unit we see the top view of the village.

It FADES TO BLACK - Revealing the text - "COMPASSION WITH HARMONY"

LOGO of the TRUST appears.

THE END
